## SKILLS SUMMARY

- **Languages:** PHP, HTML, CSS, JavaScript, jQuery Ajax
- **Frameworks:** Laravel, Codeigniter, Magento, Bootstrap
- **Tools:** Git version control, MySQL, Jira Agile, cPanel
- **Platforms:** Visual Studio Code, Sublime Text, Windows OS, Linux OS
- **Other Skills:** Project Deployment, Problem-solving, Debugging, OOP, MVC Architecture

## WORK EXPERIENCE

PHP Developer | [Media Tech Temple](#) | Bharatpur, Rajasthan

Aug 2024 to Present

Here, I am developing **responsive** websites and scalable web applications using **PHP**, **Codeigniter**, and the **Laravel framework**. Resolved complex technical challenges in **APIs**, third-party integrations, and **data migration**, ensuring minimal downtime and high system reliability. Managing end-to-end deployment workflows on **cPanel**, including configuration, troubleshooting, and version control for seamless production releases.

Software Engineer | [Tecstub](#) | Ahmedabad, Gujarat

Aug 2022 to May 2024

In Tecstub, I have worked with a cross-functional team, including designers and front-end developers, to deliver feature-rich and scalable solutions tailored to client requirements. Developed, and optimized backend solutions for e-commerce platforms using **PHP** and the **Magento framework**, ensuring **robust** functionality and seamless integration with front-end systems. Streamlined project workflows using **Agile methodologies**, managing tasks and sprints through **Jira**, which improved delivery timelines and **productivity**.

## PROJECTS

E-Commerce Store | Web Application | Aug 2024 | [Link](#)

Developed a dynamic e-commerce platform using **PHP**, **Codeigniter**, **HTML**, **CSS**, and **JavaScript**. Implemented features like product catalog, category management, shopping cart, and secure payment integration for a seamless user experience. Optimized performance and database queries to handle high-user traffic efficiently.

Social Media Automation | Web Application | Apr 2024 | [Link](#)

Built a feature-rich web application using **PHP**, **Codeigniter**, **HTML**, **CSS**, **Bootstrap**, and **JavaScript**. Designed an intuitive **Admin Panel** to manage and schedule posts across multiple social media accounts. Automated social media workflows, reducing manual effort and increasing efficiency for users.

City News | Web Application | July 2023 | [Link](#)

Developed a dynamic news platform using **PHP**, **HTML**, **CSS**, and **Bootstrap**, providing users with an intuitive and responsive browsing experience. Built a fully functional Admin Panel for managing news posts, categories, authors, and multimedia content.

R.V.S Inter College | Web Application | Nov 2022 | [Link](#)

Build a college management system using **PHP**, **HTML**, **CSS**, and **jQuery AJAX**. Implemented features for real-time updates, including event management and student information systems. Optimized back-end functionality for efficient data handling.

E-Learning Portal | Web Application | May 2022 | [Link](#)

Designed and developed a dynamic website using **PHP**, **HTML**, **CSS**, and **JavaScript**. Built **Admin Panel** to manage courses, categories, and users efficiently. Implemented features for uploading and organizing course content, enabling real-time updates to the front end.

## EDUCATION

University of Allahabad  
Master of Computer Application  
CGPA: 8.14/10

Prayagraj, Uttar Pradesh  
July 2019 to June 2022

## CERTIFICATES

O'Level Certificates | [NIELIT](#)

Web Development Course | [Masai School](#)
